Lydia,

ADEQ has expressed an interest in attending (not participating) the RD/RA negotiations, mainly the technical part of the meeting.

Do you have an agenda for the meeting that we can provide to ADEQ. Thanks CAS

**Subject:** Cedar Chemical

Carlos:

Good Morning. Yesterday during our conference call you mentioned Region 6 EPA Enforcement has a meeting scheduled November 18 with the PRPs for Cedar Chemical. Tammie Hynum, along with a few others from ADEQ, will be in Addison at the COOP center attending the RCRA All States Meeting November 18-20. Tammie already has a meeting scheduled the morning of the 18<sup>th</sup> from 9-11. Do you know what time the PRP meeting is scheduled for? If at all possible Tammie would like to attend.

Please respond with the meeting time as soon as possible.

Thanks,

Tamara Almand
